Returns & Refund Policy

Brightline Supplies Inc. | Document POL-RET-001 | Version 3.2 | Effective 1 July 2025

1. Purpose and scope

This policy explains how Brightline Supplies customers may return products and receive refunds, replacements or credits. It applies to all B2B accounts in every region and every customer tier.

2. Standard return window

Customers may return unopened, undamaged products within **30 days** of the delivery date for a full refund. **Platinum tier** customers receive an extended window of **45 days**. The window is counted from the delivered date recorded in our shipment system, not the order date.

Customer tier	Return window	Restocking fee (opened, non-defective)
Standard	30 days	15%
Gold	30 days	10%
Platinum	45 days	0%

3. Damaged or defective items

Damage in transit must be reported within **7 days** of delivery, with photographs of the item and packaging. Approved damage claims are resolved with a full refund or a free replacement at the customer's choice, and Brightline pays the return shipping. Claims reported after 7 days are handled as warranty claims where applicable (see the Product Catalog & Warranty Guide, POL-PRD-005).

Wrong-item shipments are treated the same way as damaged items: full refund or replacement, no restocking fee, return shipping paid by Brightline, regardless of the 7-day reporting rule if reported within 30 days.

4. Non-returnable items

The following cannot be returned unless they arrive damaged or defective: custom-printed or personalised items, opened toner and ink cartridges, opened breakroom consumables, and clearance items marked 'Final Sale'.

5. Restocking fees

Opened but non-defective returns in returnable categories incur the restocking fee shown in section 2. The fee is deducted from the refund. No restocking fee applies to damaged, defective or wrong-item returns.

6. How refunds are issued

Refunds are issued to the original payment method or as account credit, at the customer's choice. Approved refunds are processed within **5 business days** of the returned goods being received and

inspected. Credit notes appear in the customer's account immediately after approval.

7. Late-delivery interaction

If an order was delivered later than its Shipping SLA, the customer is entitled to a late-delivery credit as set out in the Shipping & Delivery SLA (POL-SHP-002). A late-delivery credit is separate from, and can be combined with, a refund under this policy. A customer whose order was more than 5 days late may also return the whole order with no restocking fee, even if the goods were opened.

8. Approval authority

Support agents may approve refunds up to $2,500. Refunds above $2,500 require Support Team Lead approval; refunds above $10,000 require the Director of Customer Operations.
