1. Product categories

Brightline Supplies sells five categories of office products to business customers: Furniture, Electronics, Printers & Toner, Stationery and Breakroom. This guide summarises each category and its warranty cover.

2. Warranty terms

Category	Examples	Warranty
Furniture	Desks, chairs, filing cabinets	36 months
Electronics	Monitors, keyboards, docking stations	12 months
Printers & Toner	Laser printers, toner, ink	6 months (printers); consumables defect-only
Stationery	Pens, notebooks, folders	No warranty; defective items replaced within 30 days
Breakroom	Coffee, cups, cleaning supplies	No warranty; damaged items replaced on request

Warranty periods start on the **delivered date**, not the order date.

3. What the warranty covers

The warranty covers defects in materials and workmanship under normal office use. Covered remedies are repair, replacement or refund at Brightline's discretion. Brightline pays shipping on warranty replacements within the first 12 months.

4. What the warranty excludes

Excluded: accidental damage, liquid damage, misuse, unauthorised repair or modification, normal wear and tear (for example fabric wear on chairs), cosmetic damage that does not affect function, and consumables once opened.

5. Making a warranty claim

Customers open a ticket with the issue type **Warranty**, with the order number, product, delivered date and photographs. Claims are reviewed within 3 business days. Approved claims are fulfilled within the shipping SLA for the customer's region.

6. Product safety and recalls

If a product is recalled, Brightline notifies affected customers within 48 hours and offers a full refund or replacement, irrespective of warranty status or return window.

7. Sustainability

Where possible Brightline stocks recycled-content paper, refillable stationery and ENERGY STAR electronics. Customers can request a sustainability report for their account each quarter.
